

# Images for Members' Galleries:

The galleries are a great way for members to show their images to the public and also to demonstrate the breadth & depth of the talent within APS.

Any APS member may submit up to 8 images of their choice - the images are not vetted.

The requirements for the images are:

- We will take up to 8 images from each person.
- We won't show letters after your name; long names upset the appearance of the page.
- Filenames will appear as captions. So:
  - ❖ Their filenames (without 'jpg') will be the titles appearing in the gallery.  
(I'll retype the file names to make a decent caption)
  - ❖ If you want the images to appear in a specific order, then start the filename with the number of the thumbnail position that you want, e.g. 1spitting cobra.jpg.  
Images will appear in numerical or alphabetical order left-to-right.
- If you like to process your own work, they will be put onto the web site without further alteration if they are :
  - ❖ JPEG
  - ❖ Not more than 600 pixels wide, nor 400 pixels tall.
  - ❖ 72 pixels/inch resolution (Otherwise they don't display properly - I don't know why)
  - ❖ Each file size is less than 100 kb.  
(In Photoshop CC, one way is File>Export>Save for Web. Use '2-Up' & be sure to make image size 600px W by 400px H. Adjust % quality to get the required file size.)
  - ❖ Saved in the sRGB colour space.  
Monochrome images can be in sRGB or greyscale. Adobe RGB is not suitable for web images.
- If they are not as above, I will either return them to you, or modify them before putting them into the gallery.
- E-mail images as attachments, directly to me, at [mike.hynes@btinternet.com](mailto:mike.hynes@btinternet.com), and I'll put them up as soon as I am able.
- One image from each gallery is normally used in the APS Home Page slideshow.
- Gallery images should be refreshed after 12 months and will certainly be deleted after 18 months.
- Contact me if you have any queries.

Mike Hynes. 26 July 2020
